## ON-DEMAND Online Training Course Biocidal and Plant Protection Products in the EU: Borderlines & Overlaps

Location: Your Computer

Offering # 0808-704

Priority Code: 520

### WHO SHOULD ATTEND

This course offers a general review of the most recent European BPD and PPP legislation and how they relate and interact with each other in terms of regulatory scope, implementation schedules, compliance requirements, borderline situations and overlapping authorities. This training will benefit those in the chemical, pharmaceutical, cosmetic, food and related industries. It is designed for professionals involved in all aspects of biocides and pesticides applications including:

- Research & Development
- Technology, Formulation & Product Development
- Marketing & Technical Sales
- Business Decision Makers
- Regulatory Affairs
- Environmental Health & Safety (EHS)
- QA & QC Professionals

### LEARNING OBJECTIVES

Upon completion of this course, you will be able to:

- Describe the legal framework and scope of the BPD and PPP
- List the regulatory requirements set forth by each of the directives in terms of efficacy, environmental assessment, ecotoxicology and toxicology requirements
- Outline the current regulatory complexity and confusing and/or overlapping regulatory authority
- Locate the tools to help formulate regulatory compliance strategies

### COURSE DESCRIPTION

This 90-minute **accredited** online training course is designed to provide insight to the current complicated regulatory schemes in the EU governing the biocidal and plant protection products. The participants will gain a better understanding on how the two Directives (Biocidal Products Directive and the Plant Protection Products Directive) interact to regulate these products. During this training, practical case studies will be given to guide the audience through the confusing regulatory overlap regarding borderline products and dual authority.

#### Module 1:

- Introduction to the Biocidal Products Directive (98/8/EC)
- Introduction to the Plant Protection Products Directive (91/414/EEC)
- Current regulatory compliance and implementation status

#### Module 2:

- Borderline issues
- Regulatory compliance requirements
- Dossier preparation

#### Module 3:

- Pro-active regulatory planning
- Strategy for compliance
