Eczema and Psoriasis: Biochemistry and Treatment

Day: Wednesday, September 7, 2011   Time: 11:00 a.m.–12:30 p.m. (ET)
Location: Your Computer   Offering # 1109-201   Priority Code: 520   (Available On-Demand starting 9/8/11)

WHO SHOULD ATTEND

This online training is intended for professionals in the pharmaceuticals, cosmetic and personal care or related industries. It will be especially worthwhile for individuals who work in the following areas:

• Topically applied product development in Pharmaceutics, Cosmetics and Personal care
• Dermatology community and related industries
• Professionals in hospitals that work on topical chemicals exposure
• Professionals in regulatory institutions that work on dermal exposure

LEARNING OBJECTIVES

Upon completion of this training, you will be able to:

• Describe and give an overview of recent biochemistry knowledge related to eczema and psoriasis
• Review the differences in skin properties when compared to healthy skin
• Explain the nature of current treatment
• Discuss novel approaches to relieve symptoms associated with these disorders

COURSE DESCRIPTION

Both the pharmaceutical and personal care industry are constantly challenged with developing products to address symptoms associated with chronic skin inflammatory disorders such as eczema and psoriasis. A vast effort is put into understanding the biochemical paths for these disorders as well as the differences between a healthy and diseased skin. While the population diagnosed in Western countries is on the rise for at least two decades, no cure is found.

This 90 minute accredited training course will describe the biochemistry of these disorders, differences when compared to healthy skin and possible approaches for treatment. This training will include opportunities for learning assessment.

Review of Learning Objectives

Module 1:
• Skin inflammatory disorders- an overview
• Psoriasis: biochemistry and population
• Eczema: biochemistry and population

Module 2:
• Differences between diseased and healthy skin:
  – Penetration
  – Sensitivity
  – Active lesions vs. non active lesions

Module 3:
• Current treatment
• In the pipeline- actives and delivery systems

Question and Answer Session

TUITION AND REGISTRATION

TUITION*— Single Rate: U.S.$295.00 per person   Group Rate: U.S.$245.00 per person**

Register at www.cfpa.com. Enter Course Offering #1109-201 into Quick Jump. To register use Priority Code: 520.

For Questions and Information call Customer Service at 732-613-4500.

Please Note: Multiple participants are not authorized to share access provided to a single registrant, a single dedicated seat license must be purchased for each individual. CfPA reserves the right to cancel access or collect the group rate payment if this requirement has been violated. Only registered participants will receive accreditation.

System Requirements: PC-based attendees: Windows® 7, Vista, XP or 2003 Server/Macintosh®-based attendees: Mac OS® X 10.4.11 (Tiger®) or newer

**COURSE DIRECTOR**

Dr. Nava Dayan, Skin Care Research Expert

Dr. Dayan earned her Ph.D. in Pharmaceutics from the Hebrew University in Jerusalem specializing in skin delivery. She is currently an Associate Adjunct Professor in the Ernest Mario School of Pharmacy at Rutgers University, and the Research and Development and Safety Assessment Director at Lipo Chemicals Inc. During her 24 years of experience she has specialized in a variety of areas related to skin treatment:

- The research and understanding of the interaction between topically applied compounds and the skin
- Findings in skin biochemistry and especially the upper layer of the skin- the stratum corneum
- Delivery of active compounds into and through the skin and the development of delivery systems to facilitate transport, improve bio-availability and reduce toxicity
- Design and development of topically applied formulations
- Design of clinical studies to substantiate market claims and to assure safety
- Academic teaching and lecturing
- Industrial experience in both development of active compounds, delivery systems and finished formulations
- Skin absorption studies in vivo and in vitro for safety/ efficacy assessment
- In vitro methodologies for safety assessment of topically applied compounds

Dr. Dayan has received numerous awards of excellence for various papers she has authored. She is the author and co-author more than 150 publications including book chapters and was granted 8 patents. She is also the editor of the “Skin Aging Hand Book” published by Elsevier; “Innate Immunity of Skin and Oral Mucosa” Book co-edited with Prof. Philip Wertz, “Formulating Skin Care with Natural Products” Book co-edited with Dr. Lambros Kromidas; both published by Wiley and sons. Dr. Dayan is a member of the Dermatopharmaceutics Focus Group, and the Abstract Review Committee for the American Association of Pharmaceutical Scientists (AAPS). She is serves as the Educational Chair of the NYSCC Chapter and on the Scientific Advisory Board of Health Beauty America Expo and the Center for Dermal Research at the Center for Biomaterials. Dr. Dayan teaches at Rutgers University and is the Director of a variety of courses at the Center for Professional Advancement.

**ACCREDITATIONS**

The Center for Professional Advancement has been approved as an Authorized Provider by the International Association for Continuing Education and Training (IACET), 1760 Old Meadow Road, Suite 500 McLean, VA 22102. In obtaining this approval, The Center for Professional Advancement has demonstrated that it complies with the ANSI/IACET Standards which are widely recognized as standards of good practice internationally. The Center for Professional Advancement is therefore authorized to offer IACET CEUs for its programs that qualify under the ANSI/IACET Standards. CEUs will be awarded only upon successful completion of the course, i.e., attendance at essentially all the formal training and a minimum score of 70% on the assessment. The Center for Professional Advancement is therefore authorized to offer IACET CEUs at a rate of .1 CEU per contact hour (rounded to the nearest tenth) for its programs that qualify under the ANSI/IACET Standards.

**WHO WE ARE**

The Center for Professional Advancement (CfPA) is the largest accredited technical training organization in the world with a curriculum of approximately three hundred and fifty short courses in 18 industries including Pharmaceutical, Biotechnology, Medical Device, Chemical, Cosmetics, Food and more.

Since our founding in 1967, we have successfully trained nearly a half million people worldwide in topics ranging from basic and introductory concepts to new advances and cutting-edge technology, and current U.S. and European regulations. CfPA courses are offered in a variety of formats — Public offering, Client Site and Online — to fit you or your company’s training needs.

For more information visit our website at www.cfpa.com

**COURSES OF INTEREST**

- Acne: Biochemistry and Treatment—An Online Course course ID#: 2463

- Adverse Effects on Skin—How to Formulate a Safer Topically Applied Product course ID#: 2455

- Fight Skin Aging and Disorders through Proper Nutrition—An Online Course course ID#: 2461

- Introduction to Skin Aging—An Online Course course ID#: 2125

- Pathways to Skin Penetration course ID#: 2149

- Skin Inflammation — Reasons, Prevention, Treatment and Testing—An Online Course course ID#: 2217

- Skin Product Development course ID#: 1050

- Transdermal Drug Delivery course ID#: 1390

**TERMS AND CONDITIONS**

*Payment: Tuition payable in US funds net of all charges. Payment is due at time of registration in the form of a credit card. Please contact CfPA’s Customer Service for other payment options.

**Group Rate: The Group Rate is for two or more enrollments, up to five registering from the same company at the same time. For groups of six or more, please contact Customer Service for group pricing.

Cancellations/No Show: “*Live*” Registrants may cancel up to two working days prior to the course start date and will receive a letter of credit to be used towards a future course up to one year from date of issuance. No credit will be issued for no-shows and/or cancellations less than two working days prior to the course. “*On-Demand*”. No refund or credit will be issued for no-shows and/or cancellations of on-demand training courses. CfPA is not responsible for any outside related costs incurred by registrant’s cancellation.**
